Row 2: ch 1, 1 sc in both sc turn

Row 3-34: repeat Row 2, fasten off leaving long tail for sewing.

Making sure band is not twisted, sew ends together, weave in ends. Turn band so seam is on inside and slip over tophat placing seam at the back push down to meet brim.

You can either sew or glue it in place or you can leave it loose so you can change the bands to a different color.

If you would like to hot glue or sew the hat to a hair spring clip or headband do the following:

Going back to row 11 where you started the brim: with hat bottom facing you and seam UP, count over to the left about 6 or 7 sts. Join yarn with sl st. This should be at about the side of the hat, ch 6, join with a sl st directly across the hat to the other side. Make sure the ch is straight and not at an angle. fasten off and weave in ends. You now have a bar that you can use to attach the hat to a clip or headband or even use bobby or hair pins.
